Abstracts

Flatback paper tapes are commonly used for holding, splicing, and masking applications, it offers aggressive adhesion. It is engineered for a wide range of humidity and temperature conditions and sticks to most surfaces.

Flatbacks are perfect for sealing cartons and splicing linerboards for a number of reasons. First, their distinctive brown color blends well with the brown fiberboards used for shipping boxes and storage boxes. Applying them is also easy because they unwind smoothly and you don't need tools to cut and tear them.

Manufacturers categorize the flatback tape into three major grades: utility, medium, and premium.
