## Abstracts

These Full Flap Auto Bottom boxes are used to carry heavy weight items. The shape is similar to auto lock box but they are pre-glued. The bottom and the box its self can be folded down providing more space. The Full Flap Auto-Bottom carton style is a great alternative to the standard Auto Bottom style when the contents are heavier as the extra panel on the bottom provides an additional layer of board protection so that the product wouldn't fall through the bottom and break.
