Abstracts

All pet foods fall into two categories, human grade or feed grade. The legal definition of a human grade pet food is: “Every ingredient and the resulting product are stored, handled, processed, and transported in a manner that is consistent and compliant with regulations for good manufacturing practices (GMPs) for human edible foods as specified in 21 CFR 117.”

This means that every ingredient – including every supplement – are human edible. All pet foods that do not meet the full definition of human grade are feed grade.
