## Abstracts

Quote-to-cash (Q2C) software is a kind of software managing the entire sales process, from quoting to sales orders and revenue management. Companies use Q2C solutions to streamline sales processes, improve the productivity of their sales teams, and provide better customer experience. Q2C software is used by sales departments but can also be leveraged by other departments such as engineering or design to create customized offerings based on specific customer requirements. Accountants may also use Q2C tools to track and manage revenue generated by sales.
