Abstracts

Remote/Online tutoring is a virtual teaching practice which uses the Internet, computer, or tablet, as well as other gadgets. So far, one of the consequences of COVID-19 is that students and teachers are finding themselves relying on technology for learning. With the proliferation of Internet access across the globe, it is now easier than ever for teachers to find distance work as online tutors. Online tutoring allows teachers maximum flexibility, as they are able to interact with their students in real-time without being in the same place.
