Abstracts

The safety waistcoat has a reflective effect, which produces a strong reflective surface in the light, which can stimulate the driver's optic nerve, alert the pedestrians in front, and drive carefully to prevent accidents. Safety waistcoats are mainly used by police officers, road officials, traffic controllers, road maintenance personnel, drivers and cyclists, workers in the dark, etc. The main body of the reflective vest is made of mesh cloth or plain cloth, and the reflective material is reflective square or high-brightness reflective cloth.

This report contains market size and forecasts of Safety Waistcoat in global, including the following market information:
