Abstracts

Smoked Bacon is a kind salt-cured pork. Bacon is prepared from several different cuts of meat, typically from the pork belly or from back cuts, which have less fat than the belly. It is eaten on its own, as a side dish (particularly in breakfasts), or used as a minor ingredient to flavour dishes. Hot smoked bacon is salt brining or dry salt curing, then cooking a cured pork belly with some smoke being involved. Versus cold smoking which is drying with cold smoke and intensifying the flavor.
