Abstracts

Sports facility scheduling & management software simplifies the management and scheduling of leagues, trainers, memberships, tournaments, and more. The software is used to create field reservations. Staff members can quickly locate available times with a simple click, generate invoices, and track payment status. In addition, the software also manages all aspects of scheduling the user's leagues & tournaments, posting all the scores. Sports facility scheduling & management software provides some major features such as ease of learning, user-friendly-environment, invoicing & payment tracking, photo ID's & player passes, locker management and equipment tracking, front desk check-in, fitness assessment, registration management, marketing tools, employee time clock, merchant processing with constellation payments, and payroll and commission tracking. Sports facility scheduling & management software helps in increasing revenue or funds, and reduces the errors during the game. It provides advanced games management technologies, such as facial recognition.
