## Abstracts

The international tax environment is changing rapidly as a result of coordinated actions by governments and of unilateral measures designed by individual countries, both intended to tackle concerns over base erosion and profit shifting (BEPS) and perceived international tax avoidance techniques. The tightening of tax regulations around the globe can present different risks to business operations and such risks can, in turn, have many repercussions.

Whether it be corporate or individual, national or international. Tax advisory is here to provide you with tailor-made tax solutions that support your business needs, including managing your exposure to tax, optimizing tax efficiency, and coping with the changing tax environment.

The Tax Advisory industry is mainly divided into Income Tax Compliance Services, Cross-Border Tax Advisory Services, Tax Dispute Advisory etc.
