Abstracts

Tourism is a leisure-based economic activity that connects many nations and locations across the world. In tourism, there are two sectors. The first is the tourism source market, which is where travelers go to visit the destination of the second market, which is termed the tourism host market, and which therefore produces the tourist flow. People from the source areas are visiting other places for leisure, enjoyment, and fun-related activities, thus the tourism source market has a lot of potential.
