## Abstracts

Veterinary CROs support sponsor companies or drug manufacturers by providing assistance in veterinary clinical trial development, strategic regulatory affairs expertise, project management support for an extensive range of veterinary products, new product development, lifecycle management of existing marketing authorizations (MA), and veterinary good clinical practice (GCP) regulatory management. Veterinary CROs also offer services such as strategic advice on data management & statistical analysis, post-marketing support, gap analysis, as well as pharmacovigilance. These services are often used by veterinary researchers and medicine manufacturers for newer product development along with testing safety & efficacy of veterinary drugs.
