## Abstracts

Weight-loss providers include any companies offering goods or services specifically targeted as a weight-loss solution. As well as traditional weight loss advice and counseling services, companies offer a variety of foods and beverages targeted at those wishing to lose weight. The focus of the consumer is moving away from calorie counting and shifting to a sustainable, healthier lifestyle. Physicians and health insurance providers are not shy about pitching weight loss as preventative health care. Medical weight loss plans as a niche weight loss business have been outperforming and likely will into the future.
