## Abstracts

Wet-glue labels are 'dry' paper labels, printed in offset and punched or cut out in the desired shape. Wet glue paper labels require adhesive before application. Within the world of food and beverage packaging, wet glue paper labels are still the most used bottle decoration. Wet glue labels are popular thanks to the cost-effective, high-quality brand representation and sustainability through recycling the washed off labels. Wet-glue paper labels are ideal for the alcoholic and nonalcoholic beverage market. The labels can also suit a wide variety of other applications, such as box covering, lamination, food wrapping, and interleaving.
