Abstracts

Asia-Pacific well intervention services market is estimated to grow at a CAGR of 3.5% from 2014 to 2019. Geographically, Asia-Pacific is segmented as China, Australia, India, Indonesia, Malaysia, and others. China holds a larger share in Asia-Pacific well intervention market of 23% in 2013 followed by India with 21% of the market share. Asia-Pacific well intervention services market holds a high potential for growth in future due to the new explorations activities and discoveries of oilfields particularly in China and India.

In 2014, logging & bottom hole survey held the largest market share of 19% within Asia-Pacific well intervention services market followed by tubing/packer failure & repair with 17% of the share.

In this report, Asia-Pacific well intervention services market is also segmented on the basis of its applications, such as onshore and offshore.

The report has profiled the leading players of this market along with their developments (new products and services launches, contracts and agreements, collaborations, and joint ventures) over the past few years and strategies adopted by them to sustain and strengthen their position in Asia-Pacific well intervention market. Baker Hughes Inc. (U.S.), Halliburton Co. (U.S.), Schlumberger Ltd. (U.S.), and Weatherford International PLC (Ireland) are some of the key players engaged in this market.

Reasons to Buy the Report:

From an insightful perspective, this research report is focused on various levels of analysis—industry analysis, market share analysis of top players, supply chain analysis, and company profiles which together discussed the basic views on the competitive landscape, usage patterns, and emerging and high-growth segments of Asia-Pacific well intervention services market. It has also focused on high-growth countries and their respective regulatory policies, government initiatives, drivers, restraints, and opportunities.

The report will enrich both the established firms as well as the new entrants/smaller firms to measure the pulse of the market, which in turn will help the firms to garner a greater market share. Firms purchasing the report could use any one or combination of the below mentioned five strategies (market penetration, product development/innovation, market development, market diversification, and competitive assessment) for strengthening their market share.

The report provides insights on the following pointers:

Product Analysis and Development: Detailed insight on upcoming technologies, research and development activities, and new product launches in Asia-Pacific well intervention services market. Usage pattern/penetration rate (in-depth trend analysis) of products (segment wise), and purchasing data.

Market Development: Comprehensive information about the lucrative and emerging markets. The report analyzes the markets of Asia-Pacific well intervention across geographies, exploring new distribution channels, new clientele base, and different pricing policies.

Market Diversification: Exhaustive information about the new products, untapped geographies, recent developments, and investments decisions in Asia-Pacific well intervention services market. The detailed description regarding the related and unrelated diversification pertaining to this market.

Competitive Assessment: In-depth assessment of market shares, company share analysis of the key players is forecasted till 2019. To develop business strategies and manufacturing capabilities of the leading players, and to enhance the bottom line of the companies in Asia-Pacific well intervention services market.

Product/ Brand Perception Analysis: Comprehensive study of customer's perception and behavior through our inbuilt social connect tool (digital marketing language) by checking the virility and tonality of blogs
