Abstracts

The European orthobiologics market is estimated to grow at a CAGR of 6.3% from 2014 to 2019. It is the second-largest market in the global orthobiologics market, followed by North America.

Increasing cases of road accidents, as well as rising prevalence of osteoarthritis are propelling the growth of orthobiologics market in this region. The companies operating in this region have been focusing on new product developments, mergers and acquisitions in order to establish their position in this highly competitive and rapidly growing market.

The report has profiled the leading players of this market along with the strategies (new product launches, partnerships, and joint ventures) done adopted by them to sustain and strengthen their position in the European orthobiologics market. The key players in the operating in the European orthobiologics market are Biomet, Inc. (U.S.), Medtronic, Plc. (U.S.), Integra Life Sciences Corporation (U.S.), Stryker Corporation (U.S.), Zimmer, Inc. (U.S.), DePuy Synthes (U.S.), Tornier, Inc. (Netherlands), Nuvasive, Inc. (U.S.), Exactech, Inc. (U.S.), Globus Medical, Inc. (U.S.), and Wright Medical Technology, Inc. (U.S.).

Reasons to Buy the Report:

From an insight perspective, this research report has focused on various levels of

analysis—industry analysis (industry trends, and PEST analysis), market share analysis of top players, supply chain analysis, and company profiles, which together comprise and discuss the basic views on the competitive landscape, usage patterns, emerging- and high-growth segments of the orthobiologics market, high-growth regions and countries and their respective regulatory policies, government initiatives, drivers, restraints, and opportunities.

The report will enrich both established firms as well as new entrants/smaller firms to gauge the pulse of the market, which in turn will help the firms in garnering a greater market, share. Firms purchasing the report could use any one or combination of the below mentioned five strategies (market penetration, product development/innovation, market development, market diversification, and competitive assessment) for strengthening their market share.

The report provides insights on the following pointers:

Product Analysis and development: Detailed insights on upcoming technologies, research and development activities, and new product launches in the orthobiologics market. Usage pattern/penetration rate (in-depth trend analysis) of products (segment-wise) and purchasing data. Comprehensive coverage of product approvals and product recalls.

Market Development: Comprehensive information about lucrative emerging markets. The report analyzes the markets for orthobiologics across geographies, exploit new clientele base and different pricing policies.

Market Diversification: Extensive information about new products, untapped geographies, recent developments, and investments decisions in the orthobiologics market. Detailed description regarding the related and unrelated diversification pertaining to this market.

Competitive Assessment: In-depth assessment of market shares, company share analysis of the key players forecasted till 2019. Develop business strategies and manufacturing capabilities of leading players enhance the bottom line of the companies in the orthobiologics market.

Product/Brand Perception Analysis: Comprehensive study of customers perception and behavior through our inbuilt social connect tool (digital marketing language) checking the virality and tonality of blogs.
