Abstracts

Aerostat systems market is very dynamic and new technologies have been evolved over the years to reduce the efforts of surveillance. Aerostat ensures high surveillance security, long range communication, border patrolling, weather forecasting, law enforcement and coast guarding, among others.

The U.S. dominates the North American market for aerostat systems and is expected to remain a major market in the coming years. It accounted for a market share of 68.2% in 2014.

An in-depth market share analysis, in terms of revenue, of the top companies is also included in the report. These numbers are arrived at based on key facts, annual financial information from SEC filings, annual reports, and interviews with industry experts and key opinion leaders such as CEOs, directors, and marketing executives. A detailed market share analysis of the major players in the North American aerostat systems market has been covered in this report.

The major companies in the North America aerostat systems market are TCOM, L.P. (U.S.), Lockheed Martin Corporation (U.S.), Raytheon (U.S.), Raven Industries, Inc. (U.S.), Aeroscraft Corporation (U.S.), and Near Space Systems, Inc. (U.S.) among

others.
