Abstracts

The North American computerized physician order entry (CPOE) market is estimated to grow at a CAGR of 6.9% from 2014 to 2019. Although the U.S. holds the largest share in the North American CPOE market, Mexico is expected to grow at the highest CAGR. The North American CPOE market is expected to grow at a high rate in the near future due to various factors favoring this market. Some of the factors include the increasing use of information technology in the healthcare field, rising awareness regarding the benefits of electrical records, and government initiatives and reimbursement in the related field.

In this report, the North American CPOE market is broadly classified on the basis of types, deployments, components, end users, and countries. On the basis of types, the market is segmented into standalone CPOE and Integrated CPOE. On the basis of components, the market is segmented into hardware, services, and software. By end user, this market is categorized into emergency healthcare service providers, hospitals, nurses, and office-based physicians. On the basis of deployment, the market is segmented into cloud-based, web-based, and on-premise.

Geographically, the market is divided into the U.S., Canada, and Mexico. The U.S. commanded the largest share of the North American CPOE market in 2014, followed by Canada. The government initiatives in the U.S. is driving the CPOE market in the U.S., for instance, the Health Information Technology for Economic and Clinical Health (HITECH) Act signed by Obama on February 17, 2009 had a huge impact on the EHR

adoption. The HITECH Act would provide incentives to healthcare organizations for CPOE systems implementation by 2015.

The report has profiled the leading players of this market along with the developments (mergers and acquisitions, new product launches, and agreements) adopted by the companies over the past few years and strategies adopted by them to sustain and strengthen their positions in the North American CPOE market. Carestream Health, Inc. (U.S.), eClinicalWorks LLC (U.S.), McKesson Corporation (U.S.), athenahealth (U.S.), Siemens Healthcare AG (Germany), Allscripts (U.S.), GE Healthcare (U.K.), Philips Healthcare (Netherlands), Epic Systems Corporation (U.S.), and Cerner Corporation (U.S.) are some of the key players engaged in this market.

Reasons to Buy the Report:

From an insight perspective, this research report has focused on various levels of analysis—industry analysis (industry trends), market share analysis of top players, supply chain analysis, and company profiles, which together comprise and discuss the basic views on the competitive landscape, usage patterns, emerging and high-growth segments of the CPOE market, high-growth regions and countries and their respective regulatory policies, government initiatives, drivers, restraints, and opportunities.

The report will enrich both established firms as well as new entrants/smaller firms to gauge the pulse of the market, which in turn will help the firms in garnering a greater market, share. Firms purchasing the report could use any one or combination of the below-mentioned five strategies (market penetration, product development/innovation, market development, market diversification, and competitive assessment) for strengthening their market shares.

The report provides insights on the following pointers:

Product Analysis and Development: Detailed insights on upcoming technologies, research and development activities, and new product launches in the North American CPOE market. Usage pattern/penetration rate (in-depth trend analysis) of types (segment wise) and purchasing data. Comprehensive coverage of product approvals, patent analysis, pipeline products, and product recalls.

Market Development: Comprehensive information about lucrative emerging markets. The report analyzes the markets for CPOE across geographies, exploit new distribution channels, new clientele base and different pricing policies.

Market Diversification: Exhaustive information about new products, untapped geographies, recent developments, and investments decisions in the CPOE market. Detailed description regarding the related and unrelated diversification pertaining to this market.

Competitive Assessment: In-depth assessment of market shares and company share analysis of the key players forecasted till 2019. To develop business strategies and manufacturing capabilities of leading players in order to enhance the bottom line of the companies in the CPOE market.

Product/Brand Perception Analysis: Comprehensive study of customers perception and behavior through our inbuilt social connect tool (digital marketing language) checking the virality and tonality of blogs.
