Abstracts

Amgen (AMGN) began 2013 on a positive note outlining long-term (post-2015) growth strategies through new product launches, global expansion, and entering the global biosimilar space with new partners and ventures. Unexpected setback to Omontys (peginesatide, Affymax/Takeda) is a positive for AMGN. AMGN aims to deliver ~\$1.5b in sales with the future expansion in Japan and China and in other emerging markets by 2015-16. A promise to deliver profits through improved operational efficiency and dividend growth is compelling enough to remain....
