### **Abstracts**

This **Automotive Rental and Leasing Company Database** contains a list of automotive rental and leasing companies. The data consists of over **260** companies globally with more than **1,500** key senior management and executive contact names for this industry sector. The database is available in Excel which enables easy filtering and sorting of data.

#### What can the data be used for?

To understand the size and activities of a potential automotive rental or leasing supplier before engaging with that company

To target specific company executives or management

Compare suppliers and companies in the same sector

To conduct a mailing list to specific automotive rental and leasing executives within the company

As a guide for competitor intelligence on the industry

To understand the activities of companies in international countries

To source potential candidates for a new job opening

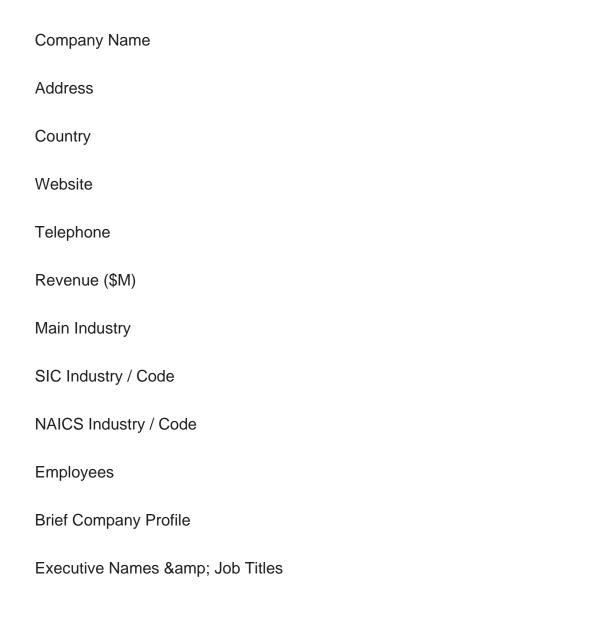

To maintain automotive rental and leasing market intelligence on the industry

To identify acquisition targets

### To identify a potential business partner

# The Automotive Rental and Leasing Company Database contains the following contents:

The data, which is in Excel format, is available to download immediately after purchase. Please contact us for a sample of the Excel data before purchasing (three randomly chosen companies).
