Abstracts

This Commodity Chemicals Company Database contains a list of commodity chemicals companies. The data consists of over **1,300** commodity chemicals companies with more than **11,000** key senior management and executive contact names for this industry sector. The database is available in Excel which enables easy filtering and sorting of data.

What can the data be used for?

To understand the size and activities of a potential commodity chemicals supplier before engaging with that company

To target specific company executives or management

Compare suppliers and companies in the same sector

To conduct a mailing list to specific commodity chemicals company executives

As a guide for competitor intelligence on the industry

To understand the activities of companies in international countries
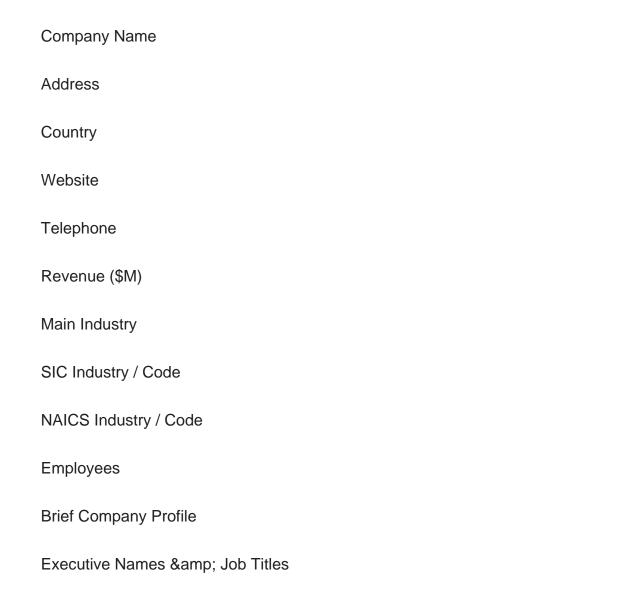

To source potential candidates for a new job opening

To maintain commodity chemicals market intelligence on the industry

To identify acquisition targets

To identify a potential business partner

The Commodity Chemicals Company Database contains the following contents:

Company Name

Address

Country

Website

Telephone

Revenue ($M)

Main Industry

SIC Industry / Code

NAICS Industry / Code

Employees
