Abstracts

This **Law Firms and Legal Services Company Database** contains a list of law firms and legal services companies. The data consists of over **3,800** law firms and legal services companies globally with more than **40,300** executive contact names for this industry sector. Covering mainly US firms, there are **20,000 partners** listed. The database is available in Excel which enables easy filtering and sorting of data.

All aspects of law firm activity are covered, including:

mergers and acquisitions

intellectual property

ecommerce

insolvency

tax

corporate reconstruction

commercial property

infrastructure transactions

gambling law

regulations advisory

antitrust

trade

bankruptcy

creditors' rights

antitrust

employment and labor

government relations

health and safety compliance audit

insurance coverage

litigation

dispute resolution

international regulatory affairs

and many others.

What can the data be used for?

To understand the size and activities of a potential law firm before engaging with that company

To target specific company executives or management

Compare suppliers and companies in the same sector

To conduct a mailing list to specific law firm executives / partners within the company

As a guide for competitor intelligence on the industry

To understand the activities of companies in international countries

To source potential candidates for a new job opening

To maintain law firm market intelligence on the industry

To identify acquisition targets

To identify a potential business partner

The Law Firms and Legal Services Company Database contains the following contents:

Company Name

Address

Country

Website

Telephone

Revenue (\$ million)

Main Industry
