## Abstracts

This **Medical Devices and Equipment Company Database** contains a list of medical device companies. The data consists of over **800** companies globally with more than **10,000** key senior management and executive contact names for this industry sector. The database is available in Excel which enables easy filtering and sorting of data.

### What can the data be used for?

To understand the size and activities of a potential medical device supplier before engaging with that company

To target specific company executives or management

Compare suppliers and companies in the same sector

To conduct a mailing list to specific medical device executives within the company

As a guide for competitor intelligence on the industry

To understand the activities of companies in international countries

To source potential candidates for a new job opening

To maintain medical device market intelligence on the industry

To identify acquisition targets

To identify a potential business partner

**The Medical Devices and Equipment Company Database contains the following contents:**

Company Name

Address

Country

Website

Telephone

Revenue (\$M)

Main Industry

SIC Industry / Code

NAICS Industry / Code
