Abstracts

The report is sent in 0-2 business days after order is placed.

The global market for Blockchain technology will expand at a CAGR of 42.8% to reach a revenue of USD 19.9 Bn by 2023. Increasing applications in sectors like Banking and Financial Services, Healthcare, Supply Chain Management, Energy, Media, and Informatics, among others, will enable the growth of the Blockchain technology market. Public, private and mixed are the different types of Blockchain technology, with the first reigning in terms of market dominance.

An abundance of forthcoming investments and benefits like smoother and transparent operations should help negate the challenges posed by the lack of awareness and inadequate regulatory framework in the Blockchain market. Giants like Microsoft Corporation, IBM, Accenture, and Deloitte are among those who provide Blockchain technology services.

The subsequent information conveyed will be on an Excel sheet, presented in an easily identifiable format.
