Overview

The report provides comprehensive analysis as well as strategic insights into the overarching strategic positioning of Eurocopter SAS through a Strategic Factor Analysis Summary (SFAS) framework analysis incorporating a holistic assessment as well as comprehensive analysis of the business structure, performance, strategies, plans, initiatives & environmental responsiveness against the backdrop of an evolving industry landscape & shifting global dynamics. The report provides an overall SFAS score on Eurocopter SAS based on an analysis of company's strategic positioning & the degree of responsiveness to its internal & external environment respectively thereby making it especially useful for competitive analysis & benchmarking.

The framework generates a snapshot of the prevailing, overall strategic equation for the organization by identifying, weighing, prioritizing & ranking strategic factors present in the internal & external environment based on their strategic significance & potential degree of impact along-with the organization's corresponding degree of responsiveness to those factors.

SFAS, as a framework, thus, scores over the traditional SWOT analysis framework, in terms, of its ability to quantify strengths, weaknesses, opportunities & threats respectively based on the potential degree of effect of each strategic factor being analyzed and the organization's commensurate degree of responsiveness to that, thereby, making it much more effective from the perspective of strategic planning and from a competitive assessment & analysis standpoint with the creation of a quantitative strategic snapshot on the company.
