## Abstracts

Force Field analysis has been a very useful, structured decision-making framework across business circles & management corridors globally. The framework provides an insightful analysis on the Global Business Jet Market from a near to medium term perspective with thorough analysis of the forces driving as well as restraining the market with quantification against the backdrop of a rapidly evolving market landscape & shifting global dynamics in the post pandemic world. The analysis provides a holistic perspective and a bird's eye view on the Global Business Aviation market.

The force field analysis is accompanied by a comprehensive business outlook analysis for business aviation from a medium term perspective.

It would be highly useful for anyone looking for a quick, holistic view on business aviation from a current & projective perspective.
