Abstracts

The Global Agriculture Equipment market is driven by robust fundamentals & strong, long-term demand & growth drivers linked directly to a rapidly growing global population besides growing demand from the bio-fuel industry for agriculture sources based feedstock. The global agricultural output is required to double itself by 2050 as against the present level, in order, to match the rate of global population growth, as per projections, amid diminishing natural resources, thus, highlighting & underscoring the imminent & urgent need for tremendously enhancing efficiency & productivity through precision farming. The current & near term view of the industry is, however, dominated by continued, significant pressures on farm incomes & profitability emanating from an altered supply side economics with record crop production for 2014 across key geographic regions impacting crop prices & farm incomes directly & significantly which is likely to have a significant bearing on agriculture machinery sales over near term. The multitude of pressures on top line growth have necessitated & rendered competitiveness as crucial to protecting profitability across industry OEMs which have been working towards optimizing & aligning their cost base & industrial footprint with emerging demand scenario.

The global agriculture equipment industry also is in the midst of a technology-driven evolution phase involving incorporation & integration of a host of ICT technologies onto product platforms that has augmented the capabilities of these machines tremendously by delivering enhanced operating efficiency through detailed performance monitoring & assessment, improved operating economics, focus on prognostics and remote machinery tracking as well as diagnostics. Further, new product development efforts

underway across key global OEMs have a significant focus as well as emphasis on technological innovations capable of delivering & translating into performance & productivity enhancements.

Against this backdrop, the report provides a comprehensive & insightful Comparative SWOT Framework Analysis and Analyzes the Near to Medium Term Strategy Focus for the Global Top 6 Agriculture Equipment Manufacturers. The report analyzes the Strengths & Weaknesses of leading industry players from a standalone as well as relative perspective based on a detailed analysis of their Internal & External environment respectively focusing on key, strategic parameters, which include: analysis of overall cost base & structure, resources & key competencies, profitability & profit sources, product portfolio analysis & its strategic positioning, key competitor analysis & degree of competitive intensity, competitive market positioning across key global markets, analysis of key strategies & plans, overall strategy focus & orientation, R&D capabilities & key programs being pursued. The framework after analyzing strategic positioning of industry players analyzes their overall strategic fit & the degree of strategic responsiveness to external environmental factors, which include:- Near to Medium term demand projections light, medium & heavy jet segments, prevailing market dynamics, emerging market & technology trends, issues, challenges & potential risk factors to be able to assess their ability to derive further business growth by capitalizing on potential growth opportunities effectively while mitigating threats simultaneously over near to medium term.

Relevance & Usefulness: The report will be useful for:

Strategic Planning & Decision-Making process

Identification of & Insights into Potential Growth Opportunities & Avenues

Competitor Analysis & Comparative Analysis of OEMs

Analysis of Near to Medium Term Strategy Focus and Key Strategies & Plans for all OEMs

Assessing potential impact of emerging Market Trends & Developments

Contingency planning for current Strategies & Programs

Identifying & highlighting areas for making potential Strategic Changes,

Adjustments & Realignment

For Whom: Key Decision-Makers across Industry Value Chain

The report will be essential for those having strategic interest in the global agriculture equipment market. The report will be especially useful for Key Decision-Makers, Program Managers, Procurement Managers, Top Management of Industry Players & Other Companies, Industry OEMs, Suppliers, Vendors, Sales & Distribution Channels, Technology Solutions Providers and other Key Players in the Industry Value Chain. The report will also be useful for existing & potential Investors, Industry & Company Analysts, M&A Advisory Firms, Strategy & Management Consulting Firms, PE Firms, Venture Capitalists, Financing & Leasing Companies, Researchers and all those associated with the industry or any of these companies.
