Abstracts

Business Jets has been one of the most promising segments of the general aviation industry over the last decade, driven by the rapid pace of globalization. However, it too bore the brunt of the Global Economic Meltdown of 2008 & its ramifications and is grappling with a multitude of challenges amid a difficult global macroeconomic environment.

This strategic report provides invaluable insights as well as analysis on the Global Business Jets Market against an evolving market landscape & industry backdrop marked by difficult overall market conditions with global demand & jet deliveries across all 6 key OEMs still way below the pre-crisis levels amid uncertain macroeconomic conditions prevailing across almost the entire Western Hemisphere as all key developed Economies battle with mounting debt issues; while buyers defer their investment & capital expenditure decisions to a more stable & viable regulatory environment. Overall, the market is likely to ameliorate gradually with demand poised to steadily pick-up only from 2012.

This Report provides following Vital Inputs & it will be Useful for:

Gaining a macro view as well as perspective on the Global Business Jets Market amid such Turbulent Global Macroeconomic Environment & Conditions

Including Analysis as Vital Inputs for Internal Strategic Planning & Decision-Making Process

Comprehensive Analysis of Key Strengths & Weaknesses of the Global

Business Jets market

Analysis of Imminent Opportunities & Emerging Potential Threats

Gaining access to Key Market Trends & Insights; crucial inputs for Decision-Makers

Gaining Insights into Key Issues, Risk Factors & Challenges
