Abstracts

1. Overview & Rationale:

The report provides comprehensive analysis as well as holistic assessment of the Strategic Initiatives, Strategic Measures, Business & Strategic Developments and Strategic Activities as well as Moves for the Mining Equipment Segment of Sandvik AB for Q1 2014 and provides an analysis of how they integrate with & fit into the medium term strategic picture & overall business strategy against the backdrop of an evolving industry landscape and difficult global macroeconomic environment as well as conditions with the industry impacted by significant reduction in mining & construction activity across most traditional markets.

2. Industry Backdrop: Softening of Commodity Prices Impacting Mining Activity Globally with Improvements Projected for 2014:

The Global Mining industry has been in a difficult cycle of-late with the softening of global commodity prices impacting mining activity directly across most traditional markets amid a difficult & uncertain global macroeconomic environment & conditions that has altered the product sales mix across OEMs and has subsequently impacted profitability. The mining activity improved in 2013 over 2012 with the commodity prices for coal, copper & iron ore beginning to stabilize. The mining activity for 2014 is projected to improve driven by the ongoing economic recovery across most traditional & emerging markets. However, the long term industry fundamentals remain strong driven by their integral role in economic growth besides the diminishing of ore resources and access to ore bodies becoming difficult which will necessitate demand for specialized mining equipment.

3. Scope of Analysis: Strategic Initiatives, Developments, Plans, SWOT, Key Industry Trends & Force Field Analysis

The report provides Key Insights into the Key Strategic Initiatives, Developments & Plans being pursued by the Mining Equipment Segment of Sandvik AB. The report also includes an incisive SWOT framework analysis on the company; which is used extensively for an assessment of the internal as well as external business environment of an organization as part of the strategic planning process. The framework generates a snapshot of the company's inherent strengths & weaknesses as part of the internal environment assessment and outlines potential growth opportunities as well as threats as part of the external environment assessment.

The report concludes by providing comprehensive insights into the key industry trends, issues, challenges, risk factors besides identifying key driving & restraining forces & assessing their potential degree of impact through a force field analysis followed by industry outlook for 2014.
