Abstracts

The global helicopter market is currently facing a double whammy with the military helicopter segment impacted significantly by continued defense budgetary pressures & cuts underway across most traditional markets while the slide & continued slump in global crude oil prices has been impacting the demand for new civil helicopters and activity levels of existing fleets engaged in the offshore oil & gas exploration sector globally. The situation has impacted the industry OEMs significantly which had been focusing on & working towards strengthening the civil helicopter segment to partially offset the impact of budgetary cuts on the military segment.

The medium to long term view of the sector, however, is promising with presence of strong fundamentals and long term, sustainable growth drivers & enablers spearheaded by technological evolution & R&D activity. The development of next-generation compound helicopters & tilt-rotorcrafts for military & civil applications has already heralded the advent of a new era that is likely to witness a significant expansion of the operational spectrum, capabilities & performance threshold of these machines which is likely to eventually transform & redefine their role besides enhancing overall effectiveness for a wide range of missions & operations.

Against this backdrop, the report analyzes the overall strategy focus and provides Insights & Comprehensive analysis of the Strategies & Plans being conceptualized & pursued by Sikorsky Aircraft Corporation for the medium term horizon. The report also includes an insightful & comprehensive SWOT framework analysis on the company; which is used extensively for scanning, assessment & analysis of the internal as well as external business environment of an organization as part of the strategic planning process. The framework generates a snapshot of the company's inherent strengths & weaknesses as part of the internal environment assessment and outlines potential

growth opportunities as well as threats as part of the external environment assessment.

The report also incorporates analysis of key industry trends, issues & challenges, risk factors besides identifying key driving & restraining forces & assessing their potential degree of impact through a force field analysis. The report concludes by providing comprehensive market outlook over medium term with overview of demand projections across military & civil helicopter segments and key geographic markets & regions.

Relevance & Usefulness:
