## **Abstracts**

The global demand for e-Paper Display is forecast to report strong growth driven by consumption in major emerging markets. More growth opportunities to turn up between 2018 and 2025 compared to a few years ago, suggesting the rapid pace of change. Companies quickly adapting to this changing landscape are emerging as top performers and earning attractive revenues through a sustainable transition, innovation, efficient pricing and sales execution strategies.

Increases in both domestic and export-oriented revenues are observed for key players in the global e-Paper Display market. However, challenges such as increasing buyer bargaining power, emphasis on high-quality products at low costs are forcing significant changes in the e-Paper Display' supply chain.
