Abstracts

The global demand for Wireless Display is forecast to report strong growth driven by consumption in major emerging markets. More growth opportunities to turn up between 2018 and 2025 compared to a few years ago, suggesting the rapid pace of change. Companies quickly adapting to this changing landscape are emerging as top performers and earning attractive revenues through a sustainable transition, innovation, efficient pricing and sales execution strategies.

Increases in both domestic and export-oriented revenues are observed for key players in the global Wireless Display market. However, challenges such as increasing buyer bargaining power, emphasis on high-quality products at low costs are forcing significant changes in the Wireless Display' supply chain.
