Abstracts

Tortilla market is likely to witness a stable growth rate over the forecast period driven by growing demand from emerging markets. Increasing family disposable incomes coupled with strengthening buyer power will support the Tortilla market growth between 2020 and 2026.

Considering the rapidly changing market landscape, companies are changing their perspectives on expanding beyond traditional markets. In addition to focusing on widening applications, introducing new product portfolios, most food and beverage companies are planning to capture domestic and international markets.

Challenges related to distribution channels, intense competition, pricing issues and shifting consumer preferences will continue to put pressure on vendors' profit margins.
