Automotive Sunroof Market: Highlights

Automotive Sunroof role in automotive industry continues to increase annually, driven by growing production of automotives. In particular, emerging Asia Pacific, Middle East and Latin America continue to be major target markets for Automotive Sunroof suppliers. Increase in disposable incomes coupled with urban population growth remains the primary drivers of Automotive Sunroof market size worldwide. The recent trends towards increased comfort and safety concerns, luxury and advanced technologies in automotive sector will drive the Automotive Sunroof penetration.

The global market for Automotive Sunroof continue to offer promising growth rate over the forecast period to 2025 encouraged by increase in R&D efforts of major companies in Automotive Sunroof. The market forecast is poised to witness sustainable demand, encouraging flow of investments into the sector.

The market outlook is also characterized by gradual mergers and acquisition activity, leading to consolidation in specific markets. In particular, established companies prefer inorganic growth strategies to expand into local markets.

The market research report analyzes 15 markets worldwide including US, Canada, Mexico, Germany, France, Spain, Italy, Japan, South Korea, China, India, Saudi Arabia, UAE, Brazil and Argentina.

Asia Pacific is expected to experience the fastest growth in Automotive Sunroof market during the forecast period to 2025. Asia Pacific growth is largely attributable to increasing fleet and traffic, deployment of new production facilities, increase in automotive sales owing to rising expenditures and upcoming passenger and commercial vehicles.
