Role of China in Global and Regional Market Front in Current Market Conditions

The role of China across different value chain segments in current market conditions, benchmark with peer markets, impact of global dynamics, price impact and market value are evaluated in the report.

Investment and Business Expansion Opportunities in China Oil and Gas

Detailed information on planned projects along with their current status, feasibility of commencement, capex required, period of development are detailed. Asset wise details include- Exploration blocks (on offer and awarded), licensing rounds, major fields set to come online, planned refineries, upgrading, planned storage terminals, planned pipelines, LNG terminals and expansion projects

Outlook Statements and Detailed Supply- Demand Forecasts

China oil and gas industry is expected to witness significant changes in supply and demand growth from earlier estimates in sync with new projects and price fluctuations predominantly. In context of this, our senior industry experts provide detailed insights into the outlook of oil, gas and products.

Detailed annual forecasts from 2005 to 2025 are available for-

Production of crude oil, natural gas, gasoline, diesel, fuel oil, LPG and LNG

Demand for crude oil, natural gas, gasoline, diesel, fuel oil, LPG and LNG

Competitive Landscape

For each of the oil and gas segments, leading companies along with their market shares and net weighted production/capacity information is provided. Further, company wise equity weighted capacity is also forecast to 2022 for these segments.

New entrants, key strategies of companies and role of NOCs and IOCs is also detailed.

Further, business profiles of three leading oil and gas companies in China are also analyzed. Business operations, SWOT Analysis and financial performance of the companies are provided.

Upstream market analysis

Field wise production details- both for oil and gas: 2008-2015

Exploration blocks and field details

Rigs deployed in 2016

Company wise production and market shares, 2015

LNG Market Analysis

Detailed overview

LNG capacity outlook to 2022

New and operational plant infrastructure details

LNG supply/ Demand, capital expenditure outlook

Asset wise and Company wise capacity outlook

Refining Market Analysis

Asset wise CDU, coking, FCC and HCC capacities outlook
Company wise capacities outlook
Operational and planned refinery Asset details

Storage and Transportation Market Analysis
Operational and planned Storage infrastructure details
Asset wise capacity outlook
Company wise capacity outlook
Crude oil, petroleum products and natural gas pipeline infrastructure details
