Abstracts

Geotechnical Instrumentation and Monitoring market overview –

Geotechnical Instrumentation and Monitoring market illustrates an attractive growth rate during the forecast period with the advancements in technologies. Latest developments in Artificial Intelligence and machine learning abilities to expand Geotechnical Instrumentation and Monitoring applications and drive demand during the forecast period to 2028.

The pandemic COVID 19 has a significant impact on the manufacturers of Geotechnical Instrumentation and Monitoring due to disruptions in the supply chain and frequent lockdowns. Further, the economic slowdown and geopolitical matters have limited the Geotechnical Instrumentation and Monitoring market growth in 2020. As the market recovers from the pandemic, we forecast the growth trajectory to vary across regions with some countries offering huge growth potential while others reporting limited profit margins.

New generation Geotechnical Instrumentation and Monitoring with improved performance offering higher accuracy and flexibility, with easy integration into systems spur the growth in Geotechnical Instrumentation and Monitoring industry. However, a paradigm shift towards a connected world and growing requirement for miniaturization are necessitating further advancement in the Geotechnical Instrumentation and Monitoring market and develop smarter products.

Research and development in the Geotechnical Instrumentation and Monitoring industry to drive down costs and improve functionality are expected to advance in the medium

term. Autonomous vehicles poised to hit the mainstream alongside rapid growth in AI computing capabilities with improving commercials are offering enormous opportunities in the Geotechnical Instrumentation and Monitoring market. Over the forecast period to 2028, we forecast the Geotechnical Instrumentation and Monitoring market to regain growth momentum, mainly with support from developing markets.

Geotechnical Instrumentation and Monitoring market competitive landscape–

On the Geotechnical Instrumentation and Monitoring market structure front, consolidation observed in 2020 is expected to be continued in 2021. Mergers and acquisitions are primarily intended to acquiring new technologies, strengthening portfolios, and leveraging capabilities.

Companies operating in the Geotechnical Instrumentation and Monitoring market were hard hit by the adverse effects of COVID, with the major difficulty being the supply chain management. Managing production with shortages in supply and man force has limited the profitability of companies in 2020 and created the need to adapt to more agile methods of working. However, growing trends of online work and education along with the exponential development of the e-commerce industry facilitate companies to regain their market share. Detailed profiles of top companies in the Geotechnical Instrumentation and Monitoring industry along with their key strategies to 2028 are provided in the report.

Impact of COVID 19 on Geotechnical Instrumentation and Monitoring Industry –

The global Geotechnical Instrumentation and Monitoring market study carefully examines the deviation in the global outlook due to COVID - 19 considering its impact on supply chain, economy, and consumer preferences by country and region.

The report identifies competitive strategies being implemented and planned by key companies in the Geotechnical Instrumentation and Monitoring market to counter adverse effects and take advantage of the new opportunities created by the pandemic situation. Different scenarios based on expected containment of the virus in the medium to long term are considered to provide Geotechnical Instrumentation and Monitoring market forecasts.

Geotechnical Instrumentation and Monitoring market segmentation –

The research estimates global Geotechnical Instrumentation and Monitoring market

revenues in 2021 with a detailed market share and penetration of different types, technologies, applications, and geographies in the Geotechnical Instrumentation and Monitoring market to 2028.

The study identifies current trends along with potential drivers and challenges leading to growth or decline in their market share, for each segment during the outlook period.

The report covers the North America Geotechnical Instrumentation and Monitoring market, Europe Geotechnical Instrumentation and Monitoring market, Asia Pacific Geotechnical Instrumentation and Monitoring market, Middle East Geotechnical Instrumentation and Monitoring market, and LATAM Geotechnical Instrumentation and Monitoring markets from 2020 to 2028. The status of the Geotechnical Instrumentation and Monitoring market in key countries in each region is elaborated to enable an in-depth understanding of the Geotechnical Instrumentation and Monitoring industry.

Reasons to Procure this Report -

The research would help top management/strategy formulators/business/product development/sales managers and investors in this market in the following ways

1. The report provides 2021 Geotechnical Instrumentation and Monitoring market revenues at the global, regional, and key country level with a detailed outlook to 2028 allowing companies to calculate their market share and analyze prospects, and uncover new markets to target
2. The research includes the Geotechnical Instrumentation and Monitoring market split by different types, technologies, applications, and end-uses. This segmentation helps managers plan their products and budgets based on future growth rates of each segment
3. The Geotechnical Instrumentation and Monitoring market study helps stakeholders understand the breadth and stance of the market giving them information on key drivers, restraints, challenges, and growth opportunities of the market and mitigate risks
4. This report would help top management understand competition better with a detailed SWOT analysis and key strategies of their competitors, and plan their position in the business
5. The study assists investors in analyzing Geotechnical Instrumentation and Monitoring

business prospects by region, key countries, and top companies' information to channel their investments.

What's Included in the Report -

Global Geotechnical Instrumentation and Monitoring Market size and growth projections, 2020- 2028

Geotechnical Instrumentation and Monitoring Market size, share, and growth projections across 5 regions and 18 countries, 2020- 2028

Geotechnical Instrumentation and Monitoring market size and CAGR of key products, applications, and end-user verticals, 2020- 2028

Short and long term Geotechnical Instrumentation and Monitoring Market trends, drivers, restraints, and opportunities

Porter's Five forces analysis

Profiles of 5 leading companies in the industry- overview, key strategies, financials, and products

Latest market news and developments

Additional support -

All the data presented in tables and charts of the report is provided in a separate Excel document

Print authentication allowed on purchase of online versions

10% free customization to include any specific data/analysis to match with the requirement

3 months of analyst support

The report will be updated to the latest month and delivered within 3 business days

Contents

1. EXECUTIVE SUMMARY

- 1.1 Geotechnical Instrumentation and Monitoring Market Overview, 2021
- 1.1 Geotechnical Instrumentation and Monitoring Fastest-Growing Types, 2021-2028
- 1.2 Geotechnical Instrumentation and Monitoring Leading Application Segments, 2021-2028
- 1.3 Geotechnical Instrumentation and Monitoring High Potential markets, 2021-2028

2. MARKET INSIGHTS AND STRATEGIC ANALYSIS

- 2.1 Key Market trends
- 2.2 Market Drivers
- 2.3 Market Challenges
- 2.4 Industry Attractiveness - Porter's Five Forces Analysis
- 2.5 Impact of COVID-19 on the Market

3. GLOBAL GEOTECHNICAL INSTRUMENTATION AND MONITORING MARKET OUTLOOK

- 3.1 Global Geotechnical Instrumentation and Monitoring Market Outlook by Type, 2021-2028
- 3.2 Global Geotechnical Instrumentation and Monitoring Market Outlook by Application, 2021-2028
- 3.3 Global Geotechnical Instrumentation and Monitoring Market Outlook by Country, 2021-2028

4. ASIA PACIFIC GEOTECHNICAL INSTRUMENTATION AND MONITORING MARKET OUTLOOK

- 4.1 Key Snapshot, 2021
- 4.2 Asia Pacific Geotechnical Instrumentation and Monitoring Market Outlook by Type, 2021-2028
- 4.3 Asia Pacific Geotechnical Instrumentation and Monitoring Market Outlook by Application, 2021-2028
- 4.4 Asia Pacific Geotechnical Instrumentation and Monitoring Market Outlook by Country, 2021-2028

5. EUROPE GEOTECHNICAL INSTRUMENTATION AND MONITORING MARKET OUTLOOK AND GROWTH OPPORTUNITIES

5.1 Key Snapshot, 2021

5.2 Europe Geotechnical Instrumentation and Monitoring Market Outlook by Type, 2021-2028

5.3 Europe Geotechnical Instrumentation and Monitoring Market Outlook by Application, 2021-2028

5.4 Europe Geotechnical Instrumentation and Monitoring Market Outlook by Country, 2021-2028

6. NORTH AMERICA GEOTECHNICAL INSTRUMENTATION AND MONITORING MARKET OUTLOOK AND GROWTH OPPORTUNITIES

6.1 Key Snapshot, 2021

6.2 North America Geotechnical Instrumentation and Monitoring Market Outlook by Type, 2021-2028

6.3 North America Geotechnical Instrumentation and Monitoring Market Outlook by Application, 2021-2028

6.4 North America Geotechnical Instrumentation and Monitoring Market Outlook by Country, 2021-2028

7. SOUTH AND CENTRAL AMERICA GEOTECHNICAL INSTRUMENTATION AND MONITORING MARKET OUTLOOK AND GROWTH OPPORTUNITIES

7.1 Key Snapshot, 2021

7.2 South and Central America Geotechnical Instrumentation and Monitoring Market Outlook by Type, 2021-2028

7.3 South and Central America Geotechnical Instrumentation and Monitoring Market Outlook by Application, 2021-2028

7.4 South and Central America Geotechnical Instrumentation and Monitoring Market Outlook, 2021-2028

8. MIDDLE EAST AFRICA GEOTECHNICAL INSTRUMENTATION AND MONITORING MARKET OUTLOOK AND GROWTH OPPORTUNITIES

8.1 Key Snapshot, 2021

8.2 Middle East Africa Geotechnical Instrumentation and Monitoring Market Outlook by Type, 2021-2028

8.3 Middle East Africa Geotechnical Instrumentation and Monitoring Market Outlook by Application, 2021-2028

8.4 Middle East Africa Geotechnical Instrumentation and Monitoring Market Outlook by Country, 2021-2028

9. COMPETITIVE ANALYSIS

9.1 Leading Companies in Geotechnical Instrumentation and Monitoring Market

9.2 Business Profiles of Leading Geotechnical Instrumentation and Monitoring Companies

Introduction

SWOT Analysis

Financial Analysis

10. LATEST NEWS AND DEVELOPMENTS IN GLOBAL GEOTECHNICAL INSTRUMENTATION AND MONITORING MARKET

11. APPENDIX

11.1 Publisher's Expertise

11.2 OGANalysis Online Data Portal

11.3 Sources and Research Methodology
