2022 Matcha Market Data, Growth Trends and Outlook to 2029

The Global Matcha Market study is a comprehensive report with in-depth qualitative and quantitative research evaluating the current scenario and analyzing prospects in Matcha Market over the next seven years, to 2029.

Robust changes brought in by the pandemic COVID-19 in the Matcha supply chain and shifts in consumer behavior are necessitating the business players to be more vigilant and forward-looking to stay ahead in the competition. The economic and social impact of COVID is noted to be highly varying between different countries/markets and Matcha market players are designing country-specific strategies.

Matcha Market Segmentation and Growth Outlook

The research report covers Matcha industry statistics including current Matcha Market size, Matcha Market Share, and Growth Rates (CAGR) by segments and sub-segments at global, regional, and country levels, with an annual forecast till 2029.

The study provides a clear insight into market penetration by different types, applications, and sales channels of Matcha with corresponding future potential, validated by real-time industry experts. Further, Matcha market share by key metrics such as manufacturing methods/technology and raw material can be included as part of customization. This enables the client to identify the most potential segment from their

growth rates along with corresponding drivers and restraints.

The research considered 2017, 2018, 2019, and 2020 as historical years, 2021 as the base year, and 2022 as the estimated year, with an outlook period from 2023 to 2029. The report identifies the most profitable products of Matcha market, dominant end uses and evolving distribution channel of the Matcha Market in each region.

Future of Matcha Market –Driving Factors and Hindering Challenges

Matcha Market Revenue is expected to grow at a healthy CAGR propelled by staggering demand from millennials and emerging markets. Technological advances in the Matcha market enabling efficient production, expanding product portfolio, sophisticated design and packaging, effective operational maintenance, and sales monitoring are key growth drivers.

However, complying with stringent regulations and varying standards around the world, growing competition, inflation estimated to remain above the upper band during the short term in key nations, and fluctuating raw material prices are some of the Matcha market restraints over the forecast period.

Overarching trends induced by the novel Corona and Omicron conditions include

- Increased spending on functional and Healthy foods that help boost the immune system

- Orientation toward clean label and vegan products lead to burgeoning sales of plant-based snacks, spreads, dips, creamers, sauces, cheese, and other food and beverages

- Companies are increasingly implementing blockchain and other Internet of Things (IoT) technologies to effectively manage the procurement, processing, and distribution of Matcha products

- Organic, Vegan, bio-based, Canned/ Ready-to-Eat (RTE), clean label, and sustainable are identified as the top-selling proportions owing to increasing health, ingredient and environmental consciousness, amid prevailing health emergency

- Mergers and acquisitions to acquire new technologies, strengthen portfolios, and

leverage capabilities to remain key strategies of top companies in the Matcha industry over the outlook period.

Matcha Market Analytics

The research analyses various direct and indirect forces that can potentially impact the Matcha market supply and demand conditions. Parent market, derived market, intermediaries' market, raw material market, and substitute market are evaluated. Geopolitical analysis, demographic analysis, and porters' five forces analysis are prudently assessed to estimate the best Matcha market projections.

Recent deals and developments are considered for their potential impact on Matcha's future business. Other metrics analyzed include Threat of New Entrants, Threat of New Substitutes, Product Differentiation, Degree of Competition, Number of Suppliers, Distribution Channel, Capital Needed, Entry Barriers, Govt.
