Pedelec strategic analysis research from OGANalysis is a comprehensive market analysis on Pedelec industry. Published since 2011, the present edition presents current Pedelec market conditions and growth prospects between 2019 and 2025.

Amidst increasing interest in automotive research from large and emerging automotive companies, the current Pedelec market report has been designed to include clear insights and action plans for success in global and regional markets. The report segments the Pedelec industry into detailed categories to understand market statistics and factors shaping each of the sub-segments and potential growth prospects.

The industry is analyzed both at panoramic level and in-detail with analysis being backed with strong data in every instance to ensure both market companies and investors to identify unmet market demand, competition conditions and formulate right market growth strategy.

Pedelec Market: Highlights

Pedelec role in automotive industry continues to increase annually, driven by growing production of automotives. In particular, emerging Asia Pacific, Middle East and Latin America continue to be major target markets for Pedelec suppliers. Increase in disposable incomes coupled with urban population growth remains the primary drivers of Pedelec market size worldwide. The recent trends towards increased comfort and safety concerns, luxury and advanced technologies in automotive sector will drive the Pedelec penetration.

The global market for Pedelec continue to offer promising growth rate over the forecast period to 2025 encouraged by increase in R&D efforts of major companies in Pedelec.

The market forecast is poised to witness sustainable demand, encouraging flow of investments into the sector.

The market outlook is also characterized by gradual mergers and acquisition activity, leading to consolidation in specific markets. In particular, established companies prefer inorganic growth strategies to expand into local markets.

The market research report analyzes 15 markets worldwide including US, Canada, Mexico, Germany, France, Spain, Italy, Japan, South Korea, China, India, Saudi Arabia, UAE, Brazil and Argentina.

Asia Pacific is expected to experience the fastest growth in Pedelec market during the forecast period to 2025. Asia Pacific growth is largely attributable to increasing fleet and traffic, deployment of new production facilities, increase in automotive sales owing to rising expenditures and upcoming passenger and commercial vehicles.
