Abstracts

Senegal Refinery industry outlook report from OGANALYSIS provides comprehensive information on Senegal oil refining sectors and supply demand of petroleum products. The report includes detail information on Senegal refinery infrastructure, capacities, companies and market outlook. Further, the role of Senegal in regional and global refining industry is analyzed and the country is benchmarked against its peer markets in the region.

Investment, new entry and other potential business opportunities of operating in Senegal oil refining market is analyzed. Further, forecasts for Gasoline, LPG, Diesel and fuel oil products production, consumption and imports/exports are provided in the report from 2002 to 2025.

Company wise refining capacities, coking, Fluid catalytic cracking and Hydrocracking capacities and their outlook to 2020 is also provided. Business strategies, market structure and other key company related information is also provided in detail. In addition, company profiles of three leading refiner companies in Senegal are also analyzed in detail. Further, all major industry developments and their impact on the Senegal refining industry are analyzed in the research work.

Emergence of Senegal refining sector between 2015 and 2025

Market Drivers, Trends, Outlook and Challenges of operating in Senegal refining industry

Leading refinery companies- their operations, new business plans and strategies

Senegal CDU, Coking, FCC, HCC capacity from 2005 to 2020

Products Supply and Demand (Gasoline, LPG, Fuel Oil and Diesel) forecast from 2002 to 2025

Planned Capex for all major refinery projects in Senegal

Potential investment and business expansion opportunities

Role of Senegal market and its stand in regional and global front

Current status and feasibility of planned refinery projects

SWOT and financial analysis of three leading refining companies

All major oil and gas news, deals and events in Senegal Refining Industry
