Date: September 2018

Pages: 62

Price: US\$ 3,500.00 (Single User License)

ID: ADC919FBBB4EN

## Abstracts

It is widely acknowledged that the real value from the Internet of Things will be derived from data. Data analytics firms across all vertical markets in the connected home are providing solutions to help companies extract value from data. This report highlights different approaches, AI technologies being implemented, and the associated challenges. It also covers applications that are providing value and company profiles of leading data analytics firms.
