Date: December 2017

Pages: 42

Price: US\$ 3,500.00 (Single User License)

ID: T824BAF0049EN

Abstracts

Success as a small business is increasingly dependent upon technologies and services that can drive improved efficiency, productivity, and communication. This report examines the continued evolution of connected devices and cloud-based services and how they are enabling SMBs in new ways. The report identifies key vendors of these technologies and discusses partnerships and business models. It also includes a five-year forecast for the industry.

Contents
