Abstracts

This is a data centric report, primarily consisting of charts and tables. This report from PayNXT360 provides a detailed data centric analysis of gift cards market along with overall market dynamics and consumer behaviour in Canada. Please note that this is a data centric report, primarily consisting of charts and tables.

Gift cards: Drawing from proprietary survey results, this report provides in-depth analysis of opportunities in both open loop and closed loop prepaid gift card categories. Assesses consumer behaviour by type of consumer (retail and corporate), gifting occasion, card type (paper, plastic, digital), and market share by retail categories.

Market dynamics: Provides a comprehensive view on size and structure, industry dynamics, market trends, consumer attitude and behaviour, and competitive landscape in the prepaid card industry.

Open loop and closed loop: Provides market estimates and forecasts to assess opportunities in open loop and closed loop prepaid market segments. Details four essential KPIs – number of cards in circulation, number of transactions, load value, and value of transactions.

Benchmarking and risk index: Benchmarks the prepaid card industry in the country with key global markets along with a risk assessment through PayNXT360's proprietary Prepaid Cards Industry Risk Index (PCIRI).

Consumer attitude and behaviour: Drawing from proprietary survey results, this report identifies and interprets key prepaid KPIs, including spend by age, gender, and income level. In addition, it provides an overview of how consumers are currently using prepaid cards across five key categories – travel, bill payment, retail spend, cash withdrawal, and P2P transfers. It also provides a breakdown by transaction size.

Retail spend: Breaks down retail spend across 11 categories to provide detailed insights on consumer behaviour and changing dynamics of prepaid card spend.
