## **COMPETITION ASSESSMENT**

Key players profiles in the global Hip Replacement market include:

B. Braun Melsungen AG (Germany)

Corin (U.K.)

DePuy Synthes (U.S.)

Exactech Inc. (U.S.)

Microport Scientific Corporation (China)

Smith & Nephew (U.K.)

Stryker (U.K.)

Waldemar LINK GmbH & Co. KG (Germany)

Zimmer Inc. (U.S.)

Players in the hip replacement market are focusing on expanding geographic presence to garner larger market share

## **KEY FINDINGS OF THE REPORT:**

Hip replacement market expanding at 4.5% CAGR over 2017 to 2023 to reach market value of US\$ 6267 Mn by 2023

Based on product type, total hip replacement implants accounted for larger market revenue share in 2016 owing to increased adoption by orthopedic surgeons in the key regions

Hospitals are the prime customers for hip replacement devices across the globe and expected to remain attractive over the forecast period

Players focusing on launching technologically advanced products to retain market position in global hip replacement market.

## **KEY FEATURES OF THE REPORT:**

The report provides granular level information about the market size, regional market share, historic market (2012-2016) and forecast (2017-2023)

The report covers in-detail insights about the competitor's overview, company share analysis, key market developments, and their key strategies

The report outlines drivers, restraints, unmet needs, and trends that are currently affecting the market

The report tracks recent innovations, key developments and startup's details that are actively working in the market

The report provides plethora of information about market entry strategies, regulatory framework and reimbursement scenario

The report analyses the impact of socio-political environment through PESTLE Analysis and competition through Porter's Five Force Analysis in addition to recent technology advancements and innovations in the market
