## Abstracts

Though the best blenders are super-versatile tools that can be used to pur?e roasted vegetable into soups or chop ingredients into salsa, most people use their blender for one task: making smoothies. And if that's the case, you don't necessarily need the newest or most powerful blender on the market. You need the best blender for smoothies, one that can crush ice into a drinkable slush, cut through frozen fruits, and pulverize even the stringiest produce into a smooth liquid.

Since the COVID-19 virus outbreak in December 2019, the disease has spread to almost 100 countries around the globe with the World Health Organization declaring it a public health emergency.
