## **Abstracts**

Brand portfolio strategy aims to maximize market coverage and minimize brand overlap through the effective creation, deployment, and management of multiple brands within a company. It serves as an inward-facing tool for the organization to ensure that the company's brands are effectively targeting all key segments within the marketplace, working together to maximize sales rather than competing against one another for customers' attention.

Since the COVID-19 virus outbreak in December 2019, the disease has spread to almost 100 countries around the globe with the World Health Organization declaring it a public health emergency. The global impacts of the coronavirus disease 2019 (COVID-19) are already starting to be felt, and will significantly affect the Brand Portfolio Consulting Service market in 2020.

COVID-19 can affect the global economy in three main ways: by directly affecting production and demand, by creating supply chain and market disruption, and by its financial impact on firms and financial markets.

The outbreak of COVID-19 has brought effects on many aspects, like flight cancellations; travel bans and quarantines; restaurants closed; all indoor events restricted; over forty countries state of emergency declared; massive slowing of the supply chain; stock market volatility; falling business confidence, growing panic among the population, and uncertainty about future.

This report also analyses the impact of Coronavirus COVID-19 on the Brand Portfolio Consulting Service industry.

Based on our recent survey, we have several different scenarios about the Brand Portfolio Consulting Service YoY growth rate for 2020. The probable scenario is expected to grow by a xx% in 2020 and the revenue will be xx in 2020 from US\$ xx million in 2019.
