Abstracts

Community Development and Regulation (CDR) applications are defined as applications in support of community planning, development and regulation functions within state and local governments. These solutions typically include licensing, permitting, code enforcement and land management capabilities. Depending on client requirements, CDR solutions support numerous types of licenses, such as professional, business, hunting/fishing and animal licensing. Permitting solutions support various land and facility use and construction permitting processes

Since the COVID-19 virus outbreak in December 2019, the disease has spread to almost 100 countries around the globe with the World Health Organization declaring it a public health emergency.
