Abstracts

Equestrian Insurance is designed for those who work with horses on premises they rent or own. It is an ideal coverage choice for those that provide riding lessons or board horses, as well as those who race, breed or train horses. This coverage also protects commercial enterprises that stage clinics, horse shows or equestrian events, sell horses, rent horses for recreational activities, or provide team roping or penning practices.

The coverage such as:

Bodily injury and property damage: Protects you if a third party is injured or if any public or third-party property is damaged

Fire legal liability: Covers you if you damage other property as a result of a fire that you caused

Medical payments: Covers non-employees injured on your premises

Professional liability for trainers, riding instructors and clinicians: Offers protection for unintentional errors committed by horse-related professions

Personal/advertising injury: Covers your business or advertising if you injure the reputation of another and face a lawsuit; includes slander, libel, and false advertising claims by competitors

Products/completed operations: Covers any work you do if it causes damage or injury later on and also any products you distribute

Legal defense: Offers you legal defense in the event of liability lawsuits

Athletic participation: Covers limited athletic participation

Since the COVID-19 virus outbreak in December 2019, the disease has spread to almost 100 countries around the globe with the World Health Organization declaring it a public health emergency. The global impacts of the coronavirus disease 2019 (COVID-19) are already starting to be felt, and will significantly affect the Equestrian Insurance market in 2020.

COVID-19 can affect the global economy in three main ways: by directly affecting production and demand, by creating supply chain and market disruption, and by its financial impact on firms and financial markets.

The outbreak of COVID-19 has brought effects on many aspects, like flight cancellations; travel bans and quarantines; restaurants closed; all indoor events restricted; over forty countries state of emergency declared; massive slowing of the supply chain; stock market volatility; falling business confidence, growing panic among the population, and uncertainty about future.
