## Abstracts

Staff bags are the top of the line when it comes to golf bags. Staff bags are used by the pros when on Tour and the bags they carry. Most staff bags prominently display brand logos.

You can think of them as the luxury sedans of golf bags: big, roomy, luxurious, and (above all else) heavy. The weight is not an issue with pros, since a caddy carries their bag. But if you don't have a personal caddy, you may get tired of lugging around the extra weight, whether that means pushing it on a hand cart throughout the round or even just carrying it from your car to the riding cart and back.

Staff bags tend to tip the scales around 10 pounds, but what they lack in lightness, they more than make up for in higher quality materials, plentiful storage space, and Tour-worthy aesthetics.

Since the COVID-19 virus outbreak in December 2019, the disease has spread to almost 100 countries around the globe with the World Health Organization declaring it a public health emergency. The global impacts of the coronavirus disease 2019 (COVID-19) are already starting to be felt, and will significantly affect the Golf Staff Bag market in 2020.

COVID-19 can affect the global economy in three main ways: by directly affecting production and demand, by creating supply chain and market disruption, and by its financial impact on firms and financial markets.

The outbreak of COVID-19 has brought effects on many aspects, like flight cancellations; travel bans and quarantines; restaurants closed; all indoor events restricted; over forty countries state of emergency declared; massive slowing of the supply chain; stock market volatility; falling business confidence, growing panic among the population, and uncertainty about future.

This report also analyses the impact of Coronavirus COVID-19 on the Golf Staff Bag industry.
