Abstracts

Location-based marketing (LMS) Software is a type of software that uses a mobile device's location to alert the device's owner about an offering from a near-by business. Since the COVID-19 virus outbreak in December 2019, the disease has spread to almost 100 countries around the globe with the World Health Organization declaring it a public health emergency. The global impacts of the coronavirus disease 2019 (COVID-19) are already starting to be felt, and will significantly affect the Location Based Marketing Software market in 2020.

COVID-19 can affect the global economy in three main ways: by directly affecting production and demand, by creating supply chain and market disruption, and by its financial impact on firms and financial markets.

The outbreak of COVID-19 has brought effects on many aspects, like flight cancellations; travel bans and quarantines; restaurants closed; all indoor events restricted; over forty countries state of emergency declared; massive slowing of the supply chain; stock market volatility; falling business confidence, growing panic among the population, and uncertainty about future.

This report also analyses the impact of Coronavirus COVID-19 on the Location Based Marketing Software industry.

Based on our recent survey, we have several different scenarios about the Location Based Marketing Software YoY growth rate for 2020. The probable scenario is expected to grow by a xx% in 2020 and the revenue will be xx in 2020 from US\$ xx million in 2019. The market size of Location Based Marketing Software will reach xx in 2026, with a CAGR of xx% from 2020 to 2026.

With industry-standard accuracy in analysis and high data integrity, the report makes a brilliant attempt to unveil key opportunities available in the global Location Based Marketing Software market to help players in achieving a strong market position. Buyers of the report can access verified and reliable market forecasts, including those for the

overall size of the global Location Based Marketing Software market in terms of revenue.

Players, stakeholders, and other participants in the global Location Based Marketing Software market will be able to gain the upper hand as they use the report as a powerful resource. For this version of the report, the segmental analysis focuses on revenue and forecast by each application segment in terms of revenue and forecast by each type segment in terms of revenue for the period 2015-2026.

Regional and Country-level Analysis

The report offers an exhaustive geographical analysis of the global Location Based Marketing Software market, covering important regions, viz, North America, Europe, China, Japan, Southeast Asia, India and Central & South America.
