Abstracts

Social CRM combines the capabilities of social media management with traditional customer relationship management (CRM) software to help brands better engage their customers.

Main features of Social CRM Tools include sales and marketing support, campaign support, peer to peer interaction, service centre enhancement, etc.

Since the COVID-19 virus outbreak in December 2019, the disease has spread to almost 100 countries around the globe with the World Health Organization declaring it a public health emergency. The global impacts of the coronavirus disease 2019 (COVID-19) are already starting to be felt, and will significantly affect the Social CRM Tools market in 2020.

COVID-19 can affect the global economy in three main ways: by directly affecting production and demand, by creating supply chain and market disruption, and by its financial impact on firms and financial markets.

The outbreak of COVID-19 has brought effects on many aspects, like flight cancellations; travel bans and quarantines; restaurants closed; all indoor events restricted; over forty countries state of emergency declared; massive slowing of the supply chain; stock market volatility; falling business confidence, growing panic among the population, and uncertainty about future.

This report also analyses the impact of Coronavirus COVID-19 on the Social CRM Tools industry.

Based on our recent survey, we have several different scenarios about the Social CRM Tools YoY growth rate for 2020.
