Abstracts

This report studies the global Ancient Grain market status and forecast, categorizes the global Ancient Grain market size (value & volume) by manufacturers, type, application, and region. This report focuses on the top manufacturers in North America, Europe, Japan, China, India, Southeast Asia and other regions (Central & South America, and Middle East & Africa).

Ancient grains are a grouping of grains and pseudocereals that are considered to have been little changed by selective breeding over recent millennia, as opposed to more widespread cereals such as corn, rice and modern varieties of wheat, which are the product of thousands of years of selective breeding. Ancient grains are often marketed as being healthier than modern grains, though their health benefits have been disputed by some nutritionists.

United States consumption of Ancient Grain rises up from 12893 K MT in 2012 to 15617 K MT in 2016, with an average annual growth rate of 4.91%.

On the basis of product, this report displays the production, revenue, price, market share and growth rate of each type, primarily split into

Gluten Free Ancient Grain

Gluten Containing Ancient Grain

By Application, the market can be split into

Bakery and Confectionery Products

Snacks

Direct Eating

Other

The study objectives of this report are:

To analyze and study the global Ancient Grain capacity, production, value, consumption, status (2013-2017) and forecast (2018-2025);

Focuses on the key Ancient Grain manufacturers, to study the capacity, production, value, market share and development plans in future.

Focuses on the global key manufacturers, to define, describe and analyze the market competition landscape, SWOT analysis.

To define, describe and forecast the market by type, application and region.

To analyze the global and key regions market potential and advantage, opportunity and challenge, restraints and risks.

To identify significant trends and factors driving or inhibiting the market growth.

To analyze the opportunities in the market for stakeholders by identifying the high growth segments.

To strategically analyze each submarket with respect to individual growth trend and their contribution to the market.

To analyze competitive developments such as expansions, agreements, new product launches, and acquisitions in the market.

To strategically profile the key players and comprehensively analyze their

growth strategies.

In this study, the years considered to estimate the market size of Ancient Grain are as follows:

History Year: 2013-2017

Base Year: 2017

Estimated Year: 2018

Forecast Year 2018 to 2025

For the data information by region, company, type and application, 2017 is considered as the base year. Whenever data information was unavailable for the base year, the prior year has been considered.
